I am familiar with my school's core values and beliefs about learning.

I know who to ask for help at school if I have a personal problem.

I have a number of opportunities to take courses in which students of varying levels of ability are enrolled.

I meet with my school counselor regularly.

Students respect teachers.

I am comfortable going to the school nurse.

The content of the courses I take challenges me to think critically and solve problems.

We use the library often during classes.

My teachers personalize my instruction.

I understand in advance what work I have to accomplish to meet my teachers' expectations.

My school has a wide range of programs and services.

I am comfortable going to the guidance counselor.

The library has the resources I need.

I think bullying is a problem at my school.

Furniture and equipment in my classrooms are in good condition.

My teachers spend one-on-one time with me.

My teachers provide me with opportunities to assess my own work.

I am proud of my school.

Science labs are in good working condition.

My teachers explain how to apply what I am learning in classes to learning experiences in other courses and in my life outside of school.

My teachers use rubrics to assess my work.

My teachers give me opportunities to choose topics for some assignments.

My school's 21st century learning expectations (academic, social, and civic) are challenging.

Teachers use group activities in my classes.

The school library is available to me before, during, and after school hours.

My teachers use a variety of teaching strategies in my courses.

My teachers ask for my ideas/opinions to improve how they teach.

My teachers include topics from other subject areas in my classes.

Teachers at my school are concerned about my learning.

My teachers make learning exciting and interesting for me.

My teachers are knowledgeable about the subjects they teach.

My teachers explain what the learning expectations are before each unit of study.

My school provides opportunities for learning off-campus (e.g., field trips, internships, job shadowing, college courses, etc.)

I think my teachers' grading is fair and consistent.

My teachers use a variety of methods to assess my learning (e.g., tests, oral presentations, reports, research papers/projects, etc.)

I feel safe at school.

I am familiar with the school-wide rubrics which teachers use to assess my assignments and other class work.

I am knowledgeable about the ethical use of technology.

I understand the rubrics my teachers use.

Computer labs are in good working condition.

Information I learn in one class can be used in other classes.

Teachers respect students.

My school provides me with the instructional materials (textbooks, computers, equipment, and supplies) I need for each of my courses.

I have an opportunity to apply what I am learning outside the classroom.

My principal is clear about what he/she wants the school to accomplish for all of the students.

Students have input in important decisions made at my school.

My school meets the needs of all students.

My teachers assess/correct my school work in a reasonable amount of time.

The library provides me with a wide range of materials, technology, and other information services.

My school has a program (advisory, mentoring program) which provides me with an adult in the school, in addition to my guidance counselor, with whom I meet regularly and who knows me well.

My teachers assign work that requires me to use information and do research in the library/media center.

The library staff is willing to help me find information I need or want.

My teachers ask me to use technology in my assignments.

My school needs more teachers.

Class sizes in my courses are reasonable.

Students respect one another.

The school has a sufficient number of computers for student use.

My teachers offer suggestions to help me improve my school work.

The school building is clean and well maintained.

I am familiar with my school's learning expectations (academic, social, and civic).

The school's facility adequately supports its programs and services (e.g., classrooms, science labs, computer labs, the library/media center, guidance office, gym, auditorium, and cafeteria).

My parents participate in school programs.

My parents have the opportunity to meet teachers, building administrators, and school counselors.

Computers are available to me before, during, and after school hours.
